AWE57CA | Targus HD3 Gaming Chill Mat™

The Targus HD3 Gaming Chill Mat is specifically designed to cool up to 18” high-performance laptops. This cooling system features three ultra-quiet, highly efficient fans with bearings that have twice the rated lifespan than standard cooling device fans. An adjustable fan speed dial features precise, tactile control so it’s easy to adjust the cooling level without taking your eyes off of the laptop screen. The durable aluminum alloy grill is lightweight and cool to the touch. Its industrial, perforated design was built to improve heat dissipation while the laptop is in use. Advanced airflow straighteners help focus the air right where you need it most while reducing air turbulence for more targeted and efficient cooling. The non-skid elastomer feet provide a stable grip so the chill mat does not slide while the laptop is being used. So you always know when it’s powered, a convenient LED indicator light is positioned on the front corner of the device.

HydroDynamic triple fan system keeps up to 18 highperformance laptops cool

Precise dial to control fan speeds to optimize cooling; Maximum fan speed is 3000 RPM; Advanced airflowstraighteners focus the airflow directly where its needed for efficiency; LED power indicator light confirms when Chill Mat is on

Grill is constructed of aluminum alloy; Features elastomer feet which provide a nonskid surface for stability

Product Name	Targus HD3 Gaming Chill Mat™	Warranty	Limited One Year Warranty
Model Number	AWE57CA	Weight	2 lbs
Street Cost	C$69.99
